Look out for Grip Is Here, There, Everywhere.

Today You are Well; Tomorrow You May be Ill; Next Day Death May Stare You In the Face. It is a Dangerous Disease. Prompt Attention is Imperative.

The great danger from LaGrippe is not so much in the severity of the acute attack, for comparatively few deaths occur from simple grip, but in the terrible after effects which so frequently follow it. When the nerves have been prostrated by the busy little grip germs and the whole system is in a relaxed and congested condition, it requires but little neglect or indiscretion to bring on bronchitis, pneumonia, or quick consumption. Fortify the system with Dr. Miles' Nervine and Grip will pass you by. But if you have it, or are suffering from its after effects, there is nothing that will help you so quickly and so surely back to health and strength as Dr. Miles' Nervine and Tonic.

Mr. H. G. Cordes, 44 Market St., Charleston, S. C., writes: "The after effects of the grip rendered me a weak nervous, prostrated invalid, and I became seriously alarmed. I tried numerous tonics, compounds and other remedies for the upbuilding of a shattered nervous system, but without benefit, until a friend advised Dr. Miles' Nervine and Tonic with the result that today I am a new being, full of vigor and strength, entirely restored to health and happiness by these wonderful remedies. I can heartily recommend them to everyone suffering general debility from any cause, knowing full well they will find in them new life, new hope, new health, and strength."

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Remedies. Take nothing else. Write us about your troubles and ailments and we will give you the honest advice of a trained specialist absolutely free. Book on heart and nerves sent free.

DEBATE CONCLUDED

On the Sundry Civil Service Bill In the House.

M'KINLEY IS CRITICIZED

By Mr. Lentz of Ohio For Exercising Clemency in the Case of General Eagan—Pension For General Palmer of Illinois—President Signs the Treaty of Peace.

Washington, Feb. 11.—General debate on the sundry civil appropriation was concluded yesterday. The speakers during the day touched a variety of topics, but as a rule the debate lacked spirit and interest. Mr. Dockery (Mo.), who is at the head of the minority of the appropriations committee, reinforced Mr. Cannon's figures as to the deficiency in the revenues; Mr. DeArmond (Mo.), Mr. Gillett (Mass.) and others discussed the policy of expansion, and Mr. Lentz (O.) severely criticized the administration for exercising clemency in the case of General Eagan. The latter charged that there was an evident disposition to reward those who attacked General Miles, because the latter had had the manhood to tell the truth about the alleged rotten food fed to our troops in Porto Rico and Cuba. During the course of the debate Mr. Hepburn, chairman of the interstate and foreign commerce committee, gave notice that he would offer the Nicaragua canal bill as an amendment to the sundry civil bill.

At the night session of the house 31 private pension bills were passed. Among them were the senate bills to pension Letitia Tyler Semple and ex-Senator John M. Palmer of Illinois at the rate of \$50 per month.

In the course of the discussion upon the bill to pension General Palmer it developed that he was absolutely without means and was practically blind. Mr. Brucker (Dem., Mich.) recalled the fact that General Palmer had been the candidate of the gold Democrats for president in 1896, and suggested that that might account for the fact that this bill was pushed through within a month after its introduction. Mr. Talbot (Dem., S. C.) moved that the pension be paid in silver.

"General Palmer is in favor of sound money," said he; "let us pay him in good old silver coin of the constitution." The motion was not entertained by Mr. Connelly (Rep., Ill.), who was in the chair.

COURT OF INQUIRY.

General Miles and the Commissary Department Preparing Evidence.

Washington, Feb. 11.—Next to news from the Philippines, interest in the war department centers on the 15th of February, when the court of inquiry to investigate General Miles' "embalmed beef" charges, will convene. All information even as to the court routine is jealously guarded and officers refrain from expressing any opinion or making any forecast in the case.

It is well understood, however, that General Miles and the commissary general's department are preparing a mass of evidence which will be submitted to the court, the one tending to sustain General Miles' statements as to the character of the meat furnished the army, and the other discounting any criticism of the material bought, passed upon and issued by the commissary department. Both the testimony of General Miles and of the commissary department will consist in the main of official reports and both will be voluminous. General Eagan is still at the war department, denying himself to all visitors except personal friends. He is now re-

What nobler, better ambition can a young couple have than to live loving, helpful lives, and then, in a green old age, look back over a life that has been mutually self-sacrificing, useful and successful? The one great stumbling-block that stands between most married couples and this ideal married career is ill-health. If both husband and wife would take proper care of their health, there would be more hale, hearty and happy old people in the world. If, when a man suffers from the little ills of life, he will resort to Dr. Pierce's Golden Medical Discovery, the chances are that he will avoid the big and fatal illnesses. This great medicine gives a man a healthy hunger, facilitates the flow of digestive juices, invigorates the liver, purifies and enriches the blood and builds firm, muscular, healthy flesh tissue.

It is an old saying that women are hard to kill. There is some truth in this, as far as the majority of illnesses are concerned. There is one class of disorders, however, that quickly undermine any woman's general health. No woman can retain her strength who suffers from weakness and disease of the delicate and important organs that make wifehood and motherhood possible. Dr. Pierce's Favorite Prescription is an unfailing cure for all disorders of this description. It acts directly on the sensitive organs concerned, in a natural, soothing way. It makes them strong, healthy and vigorous. It prepares them to bear the burdens of maternity. It is the greatest of nerve tonics. The woman who uses it will bear healthy, happy children, and live to a ripe old age.

Dr. Pierce's Pleasant Pellets regulate and invigorate the stomach, liver and bowels. By all medicine dealers.

neved or the routine work of his office, which is being transacted by his assistants, and is free to devote himself to correlating all of the information in his possession for presentation to the court.

TREATY SIGNED

By President McKinley and Secretary of State Hay.

Washington, Feb. 11.—The official copy of the treaty of peace with Spain, bearing the signatures of the American and Spanish commissioners, which was ratified by the senate last Monday, as certified by Vice President Hobart, was signed by the president and Secretary Hay yesterday afternoon in the library of the executive mansion. There was little formality observed, although a number of persons were present by invitation of the president.

The pen was an ordinary gold one which the president frequently uses in his office work. The ceremony occupied only a few minutes and at its conclusion Secretary Hay replaced the document in its crimson velvet case and took it to the state department for transmission to Madrid.

WAR COMMISSION

Its Report Declared Not to Be of the Whitewashing Variety.

Washington, Feb. 11.—Members of the cabinet declare the report of the war commission to be in no sense a whitewashing report. On the contrary, it is stated the commission has not failed to point where there was error or fault. For instance, it has not passed without criticism the arrangements made for transportation of the troops, and it also has found some things to have been amiss in the supply of medical stores and assistance to the troops, though it has set out the palliating circumstances, such as the state of unpreparedness of the country and the difficulty of suddenly training green men to discharge heavy duties.

Touching the much discussed question as to the character of the meat furnished to the army, the committee declares that the food generally was of good quality and censures General Miles for his alleged failure to acquaint the war department with the faults said by him to have been discovered at Porto Rico.

ARMY APPROPRIATION BILL.

Washington, Feb. 11.—The army appropriation bill was completed yesterday by the house committee on military affairs, and by dint of pretty severe cutting of numerous items it was brought down to \$79,034,372. It is framed on the basis of an army of about 100,000 men, and contemplates the enactment of the Hull bill.

CALOOCAN FALLS.

Americans Now In Possession Of the Town.

Washington, Feb. 11.—The following dispatch from General Otis at Manila was received last night by the adjutant general: "Insurgents collected considerable force between Manila and Caloocan, where Aguinaldo is reported to be, and threatened attack and uprising in this. This afternoon swung left of McArthur's division, which is north of Pasig river, into Caloocan, driving enemy easy. Our left now at Caloocan. Our loss slight; that of insurgents considerable. Particulars later. Attack preceded by one-half hour's firing from two of Admiral Dewey's vessels."

SECOND OHIO

Turn Robbers at Macon, Ga., by Order of the Colonel.

Macon, Ga., Feb. 11.—The merchants and business men of Macon are highly indignant over the atrocious robberies committed by the members of the Second Ohio regiment yesterday as they were being mustered out of the service of the United States. A large number of merchants sent wagons loaded with merchandise out to the camp to sell to the discharged soldiers. The colonel commanding ordered them to leave the camp and, upon their refusal to do so, ordered the men to plunder the wagons.

The robberies committed by the men did not end here, but they came to the city and, while under the influence of whisky, went into several stores and walked out with goods in full view of the amazed merchants. Several of them were arrested and, after turning over the goods, were released.

This conduct was not general with the members of the regiment and is deeply deplored by a large number of the better class of the men.

A communication regretting the action signed by the following was sent to the merchants: Captain R. D. Smith, Lieutenant C. C. Rutledge, Lieutenant J. P. Henkle, E. E. Sykes, W. W. Wilcox, Major Worthington, Kantzmann, John Corey, Major Campbell.

The loss the Macon merchants suffered will amount to considerable. One merchant had to close his store, so heavy was his loss. He was even robbed of his overcoat, and his negro driver, who had on a pair of goldrimmed spectacles, was relieved of them.

A requisition will probably be made on the governor of Ohio for the return of Colonel Kuert to this state for prosecution for aiding and abetting robbers.

Bodies of Three Men Found In North Siberia.

Krasnovarsk, Siberia, Feb. 11.—A gold mine owner named Monastyrchik, has received a letter saying that a tribe of Turgases, inhabiting the Timur peninsula, North Siberia, recently informed the Russian police chief of the district that on Jan. 7 last between

BRONCHITIS

Bronchitis is very prevalent. It generally begins with a common cold, attended with cough, hoarseness, soreness of the lungs, tightness of the chest and difficulty in breathing. If not cured, it becomes dangerous—thousands die from bronchitis annually. Dr. John W. Bull's Cough Syrup is the best remedy for this disease; it relieves the cough at once, eases expectoration, and cures in a few days.

Dr. Bull's Cough Syrup

Komo and Pit, in the province of Yeniseisk, they found a cabin constructed of cloth and cordage, apparently belonging to a balloon. Close by were the bodies of three men, the head of one badly crushed. Around them were a number of instruments, the uses of which were not understood by the Turgases.

The police chief has started for the spot to investigate, as it is believed that the bodies are those of the aeronaut, Herr Andree, and his companions.

The balloon Eagle, with Professor Andree and two companions, Strindberg and Froukel, in the car, left Danes island of the Spitzbergen group on July 11, 1897, in an attempt to cross the north polar point. No definite news of the aeronauts has been received beyond the message, attached to a carrier pigeon, found by the whaling ship Falken, which arrived at Copenhagen on Sept. 2. The message read:

"July 13, 12:30 p. m., latitude 82° 02' north; longitude, 12° 05' east. Good voyage eastward. All well."

Mrs. Annie E. George's Case.

Canton, O., Feb. 11.—The plea on behalf of Mrs. Annie E. George, indicted for the murder of George D. Saxton, was filed in court today. Contrary to expectation, the plea does not go into the merits of the case, but is almost an exact copy of the motion to quash, filed and overruled some days ago. It is purely technical and concerns only the grand jury and the jury commission and the methods pursued by them in this case, as well as others recently considered.

Governor Bradley's Mansion Burned.

Frankfort, Ky., Feb. 11.—The governor's mansion was totally destroyed by fire yesterday. The firemen were soon disabled by the intense cold, to which trouble was added by frozen pipes and cutting off of the water supply. Most of Governor Bradley's personal property was saved.

"OPEN DOOR" POLICY

What It Means to China and Other Nations Commercially.

LORD CHARLES BERESFORD

Arrives in San Francisco and Gives an Interview in Which He Explains the Difference Between the "Open Door" and "Spheres of Influence" Policies in the Far East.

San Francisco, Feb. 11.—The new Japanese liner, American Maru, arrived here late yesterday from China having on board Lord Charles Beresford, admiral of the British navy. Lord Beresford's proposal of an "open door" policy in the Orient has been received with great attention throughout the world and it will likely play a most prominent part in the settlement of the far east question. In an interview last evening Lord Beresford said in part:

"It means simply that instead of 'spheres of influence,' which means the breaking up of the Chinese empire, that England, America, Germany and Japan shall by agreement maintain free and equal commercial relations for all in the Orient. It includes the reorganization of the Chinese army, officered both as to commissioned and noncommissioned officers, by Europeans; that the Chinese empire may be properly policed and life and property made safe. As it is now, mobs and rebellions are liable at any time to destroy both lives and property, as actually happened not long ago when about 6,000,000 taels worth of property, belonging to the French mission, in western China was destroyed."

"China must have a revenue and the 'open door' policy by guaranteeing order and uniformity in customs regulations and tariffs will provide it in greater abundance than it has ever been provided before, besides insuring that it shall not be wasted as it is now. It will mean the opening up of the empire in all its provinces and the development of its wonderful resources of mining and commerce. The returns from concessions of these natural resources, now lying idle, will be a source of great revenue to the empire."

LORD CHARLES BERESFORD.

"If the 'spheres of influence' policy is allowed to be adopted, Russia will, of course, become all powerful in the north, France in the south. England of course, cannot give everything. Germany will get what she can. While America will probably get nothing for, though I think she is destined to be a great trading nation in the Orient—greater than Great Britain or any other country—her interests are now comparatively slight and in the scramble it is not likely that the American people would feel their interests demanding a struggle for a portion of it at this time. But with the 'open door' equal opportunity for all nations, her commerce is bound to grow."

"With the 'spheres of influence' of course Russia would put on preferential tariffs in the regions she dominated and France would do the same in her territory. I don't know whether Germany and England would or not. Thus, America would be cut out altogether, or practically so, from the China trade, and England from all but that she dominated; so that America really has more interest in the 'open door' than England has."

"I go from here to Chicago and New York and Washington to get the sentiments of the boards of trade and chambers of commerce there on the proposal."

Elected Honorary Members.

Columbus, Feb. 11.—The final day of the National Brickmakers' convention was spent in an inspection of the department of ceramics at the Ohio State University. Out of courtesy to the secretary, Theodore A. Randall of Indianapolis, who has been secretary of the association since its organization, 13 years ago, his little daughter Edna was unanimously voted an honorary member of the association for life. Miss Addie Wallace of Indianapolis, who has served the organization as stenographer for eight years, was also elected an honorary member.

American Maize Commissioner.

Springfield, Ills., Feb. 11.—The house and senate committees of the legislature yesterday agreed upon a bill authorizing the governor to appoint an American maize commissioner to collect and display an exhibit of Illinois corn at the Paris exposition and appropriating \$40,000 for the purpose. Other corn producing states are invited to co-operate with Illinois by making appropriations and appointing commissioners to extend the uses of Indian corn.

BRADSTREET'S REPORT

Strength Gained by Leading Staples in January Being Sustained.

New York, Feb. 11.—Bradstreet's today says: That some favorable effects are likely to follow the atmospheric changes of the week is evidenced by reports of improved distribution at retail of heavy winter goods, while the effect on spring trade appears to be chiefly regarded as one of retardation rather than of positive injury. In leading staples the strength of prices is still a feature, all the gains made in January being sustained, if not further improved.

Some reflection of the cold wave is found in the advance in wheat, showing an inclination to concede some damage to the winter wheat crop, in view of claims that snow protection is lacking in many sections. The strength of cotton, while to some extent based on smaller receipts and a reduction of the usual "winter" crop, appears mainly due to the cheerful tone of the cotton goods market and the strength of demand and price manifested by these staples both at home and abroad.

In aggressive strength, alike of demand and price, however, iron and steel are easily first this week, and the list of advances reported this week is almost a roll call of that industry's products. Among the advances noted might be mentioned barbed wire, steel rails, southern, eastern and Bessemer pig iron, nails, wire and plates, the most strength being exhibited at western markets.

DARING UNDERTAKING

Captain Adolph Frietsch Proposes to Go to Manila in a Sailboat.

Chicago, Feb. 11.—A trip from San Francisco to Manila, across the Pacific ocean, alone in an open sailboat, will be attempted by Captain Adolph Frietsch, in the near future. Captain Frietsch, who is a navigator from Milwaukee, is here making arrangements for the proposed expedition. The captain has a record for open boat sailing that assures the possible success of his venturesome trip across the Pacific. In 1894 he crossed the Atlantic in 34 days 3 hours, making the 5,000 miles from Sandy Hook to Tortegat lighthouse alone in the schooner Nina, only 40 feet on the waterline. On the Pacific trip Frietsch expects to reach Honolulu after 21 days' sailing from San Francisco and will endeavor to cover the distance from Honolulu to Manila in 42 days. The boat Frietsch will use will be 24 feet on the water line, flatbottomed, with a heavy centerboard. The captain sailed on the Pacific ocean when a boy, and is well acquainted with different trade winds that will be encountered on the journey.

WILDCAT

Bankers Indicted at Kansas City For Forgery and Fraud.

Kansas City, Feb. 11.—Two indictments have been returned against Leonard B. Imboden and one against S. F. Hancock or the Planter's bank, a "wildcat" concern recently ordered closed by order of the state officials. One count against Imboden is for forgery for signing the names of the officers of the Harbinger bank of Fairbury, Neb., to a draft for \$15,113, which he presented to his own bank as part of its paid in capital. Imboden has been in jail for the past 10 days. Hancock is out on bond. Both came here from Fort Worth, Tex.

\$150,000 Fire at Cleveland.

Cleveland, Feb. 11.—The Kelly block, on Superior street, opposite Bank street, was practically destroyed by fire last evening. It was occupied entirely by the Globe clothing store, owned by Simon Fox & Co., a branch of a large Cincinnati clothing house. The total damage is \$150,000.

THRILLING SCENE

Meeting Between Colonel Christy and Colonel David Seable.

New Orleans, Feb. 11.—The supreme senate of the Essenic Knights concluded its convention last night. A resolution was adopted providing for a badge to be worn by lady relations of the members, to entitle them to the protection of knights everywhere.

A thrilling incident occurred last night when Colonel Slater of Lawrenceburg, Ind., a Grand Army man, was speaking on the women's badge question. He referred to Colonel Christy, speaker of the Pennsylvania legislature, as a gallant veteran who lay wounded for three days on the battlefield of Chancellorsville side by side with a southern soldier.

Colonel David Seable, a Louisiana delegate, an ex-president of the army of North Virginia, interrupted to say that he was a southern soldier, who had lain three days on Chancellorsville field, but had not seen his federal companion since. Colonel Christy rose and he and Colonel Seable recognized each other as the friendly enemies of long ago. The friendly enemies of long ago. The house rose with them, flags were pulled down and furled around them and as they embraced the entire gathering cheered and sang pathetic songs. Pittsburg was selected as the meeting place for May, 1900. William Armstrong of New Orleans was elected supreme senator and P. C. Christy of Pennsylvania, supreme senior Seneschal.

The people are in earnest in the matter of county and township reform. The matter has sprung spontaneously from those who realize that our present system is defective. It is not that the men now in office are criminals, but that the system used permits unscrupulous men who sometimes get into office to administer their office against the interests of the people. It is to correct the possibility of such abuse that the people are demanding the reform.

The propositions for lighting the city should be carefully studied and considered before any action is taken on them. The proposition of the Wayne Engineering and Construction Co., especially should receive careful attention. It may be a good proposition and it may not be. The proposition is such that the city should know accurately, what it would cost to operate such a plant and the probable cost of supplies and repairs for a period of ten years. Also the probable value of the plant at the end of the ten years should be known at least approximately. The improvements in electrical machinery the past ten years have been so great that a plant now ten years old is out-of-date. The same thing may be true during the next ten years, therefore this should be taken into consideration in considering a proposition to light the city. It would be well for the city authorities, while they are considering this matter, to ascertain what it would cost the city to put in such a plant as is needed and pay the cash or its equivalent for it. The proposition of the home company was higher than was anticipated by the council.

Governor Mount has signed Senate bill No. 3, governing the employment of convicts in the Indiana state prison. The bill provides that at the expiration of existing contracts the employes shall be employed in manufacturing goods on the state's account. Meantime the state is authorized to engage 50 per cent. of the prisoners on contract work, the remainder to be employed at agricultural pursuits for the institution.

The State League of Republican Clubs is in session at Fort Wayne. There will be a spirited contest for the presidency for the state league, several strong candidates being in the field for the honor.

Take Our Advice.

And make arrangements to go to the "Charity Ball" on February 22, as it promises to be one of the best high class, Standard Drama, and contains many elements of excellence, and dominant features, that will at once evoke universal commendation, revolving in rapid succession, from strong dramatic effects, to an abundance of humor. The members of the club are putting forth their best effort, on this piece, and if the rehearsals are any criterion to judge by, it will be the greatest success they have ever achieved. The piece is to be staged and costumed in an elaborate manner, that will be a revelation to all. Everyone who can possibly do so should attend, as it will be an opportunity to enjoy a splendid performance.

DR. BULL'S COUGH SYRUP WILL positively cure croup. Many a home has been made desolate by the loss of a dear child which could have been saved by this great remedy.

At South Bend, Ind., the county commissioners and the citizens' committee, who jointly carried on the work of building the new court house and jail, have furnished an almost unprecedented incident in court house and jail building. There were \$273,000 of 4 per cent bonds authorized with which to pay for the two structures. These gentlemen refused to make any changes of the original plans, they insisted upon selling the bonds so that they could be issued in installments as needed, and they placed those sold at such good figures that \$30,000 of bonds were left to be destroyed, there being no need to put them on the market. The county has a court house that cost \$239,261, and a jail which cost nearly \$38,000, and all paid for with \$243,000 in bonds, the premium on the sale of the bonds making the difference.

J. W. Western and wife, of Jennings county, came to the city today on business and to shop.

Recapitulation of the above prices paid in these Indiana cities show the average cost to be as follows:

Average cost in thirteen cities for half night service in \$72 a light per annum. Average cost in eighteen cities for moonlight schedule service is \$74.34 a light per annum.

Average cost in twelve cities for all night service is \$85 a light per annum.

Some of the above franchises were granted for five years some for ten years and some for a longer time which accounts in part at least for the difference in cost in different cities.

Made a New Man of Him.

BRYAN, Ohio, Jan. 13, 1897. Gentlemen:—For years I had been suffering from indigestion. Had a poor appetite and could not eat anything containing grease and had constantly had a worn out feeling. After using three 50c bottles of Dr. Caldwell's Syrup Pepsin I am now able to eat anything my appetite craves and can say it has made a new man of me.

CHURCH NOTES.

Rev. C. T. Price who has conducted a revival at Taylor's Chapel, near Free-town, was compelled to close the meetings Wednesday night on account of the cold weather and returned last evening to Scottsburg.

Rev. A. M. Sweeney, of New Albany, was in the city last evening. He will begin a series of meetings here as soon as the weather permits.

Asylum Proposed in Illinois.

A bill has been introduced in the Illinois legislature for an asylum for inebriates which is to be maintained by a tax on the saloon keepers of the state. The law also provides that justices of the peace and police magistrates are required to furnish to saloon-keepers lists of all the inebriates who have been adjudged such in their respective courts. Any saloon-keeper who shall sell intoxicants to any such inebriate shall be fined not less than \$25, nor more than \$200.

No More Rheumatism.

For years my wife suffered from rheumatism. She tried many remedies, but got little relief when we heard of Celery King, and my wife began using it. This great medicine has, apparently, driven all the poison out of her system, and has certainly released her from a life of pain.—G. P. Cushing, North Abington, Mass.

Celery King Cures diseases of the Nerves, Stomach, Liver and Kidneys. Sold by druggists, 25c and 50c.

CROTHERSVILLE COMMERCIAL.

To be Moved to Brownstown at Once.

In a closing editorial E. M. Young, who has been the owner and manager of the Crothersville Commercial announces in this week's issue that the office, which was sold to Omer Cooley this week, will be moved to Brownstown at once and that next week's Commercial will be issued from that place. Mr. Cooley is an excellent young man who was employed in the Brownstown Binner office for several years. The REPUBLICAN bids him a hearty welcome to the newspaper field of Jackson county.

Sunday Funerals.

The funeral of Mrs. James Storey will be held tomorrow from the residence of her sister, Mrs. L. H. Balsey, conducted by Elder Thomas Jones. Interment in Riverview cemetery.

At 1:30 p. m. tomorrow the funeral of Ansel Gerrish will be held at the M. E. church conducted by Rev. J. M. Baxter. The remains will be interred at Riverview cemetery.

The funeral of Charles H. Tucker will take place at two o'clock tomorrow afternoon from the residence on south Chestnut street. Interment in Riverview cemetery. Rev. J. W. Clevenger will conduct the exercises.

Woman's Edition.

The REPUBLICAN will issue a special woman's edition in a few days under the auspices of some of the ladies of the Presbyterian church. The proceeds from the advertising and sale of extra papers on that day will be used by the ladies for their church work.

Getting Their Pictures Taken.

The members of the "Charity Ball" troop visited the picture gallery this afternoon and tested the power of the camera.

RAILROAD RUMBLINGS.

Marcus R. Thompson, of the E. & T. H. was in the city last evening. G. W. Rimar, of the Southern Indiana, was in the city Friday.

The gross earnings of the Big Four road for January were \$1,640,196, a falling off of over \$50,000 compared with same time last year.

Charles Schiller and sister, Miss Anna, of Bartholomew county, drove here today to purchase goods.

Three B. & O. S. W. railroad men have rented property here and will move their families as soon as the weather will permit.

The ground hog knows his business; no mistake about that. He is the boss weather prophet.—New Albany Tribune.

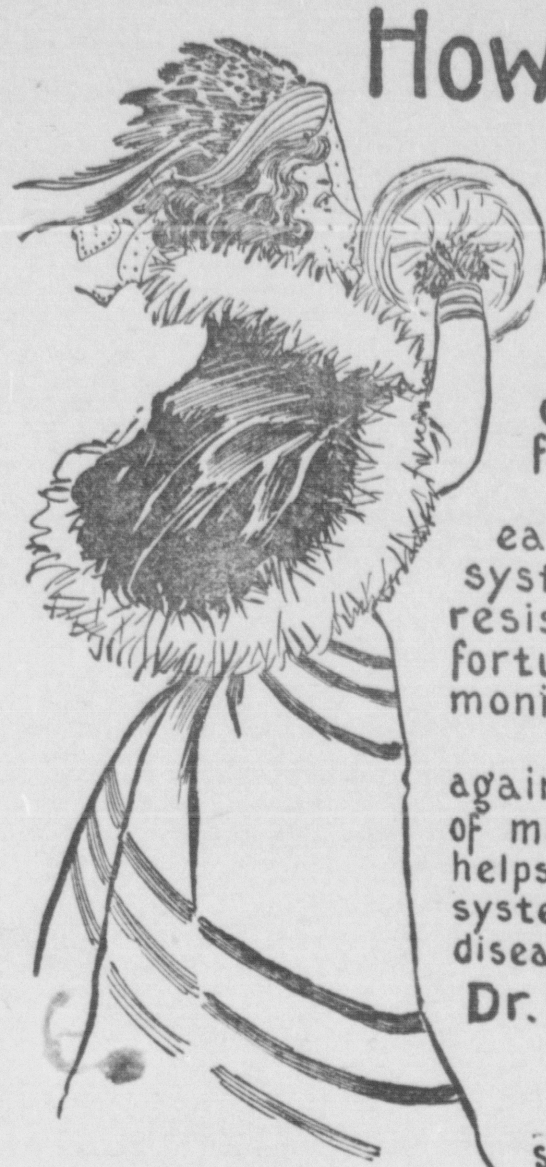

Miss Maggie Rice and Miss Jennie Eitter returned last evening to Indianapolis from a visit to friends near Washington.

Miss Myrtle Ross, of Marling, who has been dangerously sick with typhoid fever, has made a change for the better.

Miss Georgia A. Davis, who has been very low with lung trouble for a year, is no better.

The city marshal has received some anonymous communications about probable violations of law which would be put in much better form if the parties knowing of such violations would make themselves known and personally inform the authorities.

The latest farce "Brown's In Town", has killed one of the most cherished traditions of the theatrical world. The members of the "Brown's In Town", company were confident of the success of their farce from the start and laughed heartily at its complications all through rehearsals. This caused the wisecracks to shake their heads ominously and to predict all sorts of dire things. Subsequent events however, proved it to be one of the funniest and most successful ever seen. "Brown" comes to the Opera House Feb. 14.

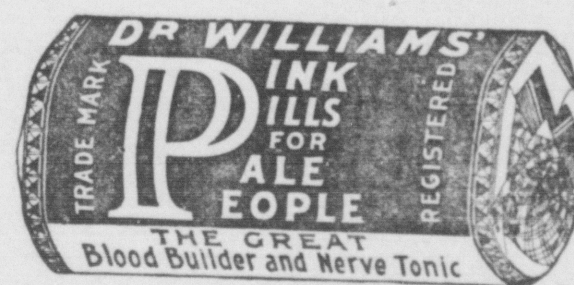

How to Stay Healthy in Winter.

Winter is a trying time for delicate people. Coughs, colds and pneumonia find them easy victims. Do you catch cold easily? It shows that your system is not in a condition to resist disease. You will be fortunate if you escape pneumonia.

Nature is always fighting against disease. The right kind of medicine is the kind that helps Nature by toning up the system and enabling it to resist disease. Such a tonic is found in Dr. Williams' Pink Pills for Pale People.

By building up the blood and strengthening the nerves these pills reach the root of many serious diseases, such as sciatica, neuralgia, rheumatism and all forms of weakness, either in men or women.

Miss Pearl Wood, a popular young lady of Arlington, Ind., says: "I had fairly good health until two years ago, when facial neuralgia developed. The pain was fearful. Frequently I would have severe attacks during the night, making it impossible to ever get a night's rest. I suffered severely from this another doctor, but with the same result. I used different remedies but with no benefit. Happening to read in the newspaper concerning the merits of Dr. Williams' Pink Pills I concluded to try the pills. When I finished the second box I was better. I was never more happy in my life than over the fact that I was getting well. After taking the third box the pain left me, and when I had finished the fifth box I was well."—Rushville (Ind.) Graphic.

Many imitations of these pills are offered, some of them even colored pink. Be sure you get the genuine. At all druggists, or sent postpaid by the Dr. Williams' Medicine Co., Schenectady, N.Y., 50c per box, 6 boxes \$2.50.

Sympathetic Husbands.

The sympathetic tenderness of a loving husband is everything to an expectant mother, especially during her first ordeal. George Layton, Esq., a prominent druggist of Dayton, O., gives the following case:

A customer of mine, whose wife has used four bottles of "Mother's Friend" before confinement, says, after seeing the effects of the remedy, that if she had to go through the ordeal again, and there were but four bottles on the market, and the cost was \$100 per bottle, she would have them.

"Mother's Friend" is a scientifically compounded liniment which affords certain relief in the various ailments preceding childbirth, and assures proper elasticity to the cords and muscles involved in the final ordeal.

"Mother's Friend" is sold by druggists, or expressed on receipt of one dollar.

DIED.

An infant son of Elmer Shepard, of Valonia, died Friday Feb. 10, aged ten weeks.

DRISCOLL—Elijah Driscoll, age 75 years, died at the home of his son-in-law, Jas. B. Wesner, near Sparksville, Tuesday. The deceased formerly resided near Salem but for the past two years has lived with his son-in-law. He was an uncle Attorney F. W. Wesner, of this city.

WESNER—Word reached the relatives here yesterday of the recent death of Mrs. Sarah Wesner at her home at Campbellsburg. The deceased was 72 years of age. She was the mother of Jas. B. Wesner, of Sparksville, whose father-in-law died at his home while he was away attending his mother in her last illness. She was an aunt of F. W. Wesner of this city, and word of her death was received at the same time as that of Elijah Driscoll.

Here Too.

Our citizens would do well to have a little compassion for mail carriers, the newboys, the milk men and the drivers of delivery wagons. It is very easy while housed up in a warm room to wonder what makes other people so slow. Weather like this puts everybody behind and the men who went out a morning like this to look for a local news item should have been arrested.—Shelbyville Republican.

DR. BULL'S COUGH SYRUP has been in use for half a century. Some families have used it for three generations, and it is today the standard cough remedy of this country.

New Pastor Located.

Elder Vesch, wife and child are now comfortably located on north Poplar street and we bid them welcome to our city as there is always room for good people who come with pure motives to do good and assist in building up religion and morality in our midst. The members of the Central Christian church feel gratified that they have been so fortunate in securing the services of so worthy and competent a minister for their pastor. It is not the intent, aim, or motive of the Elder or any member of his congregation to build up a church through malice, strife or hatred. On the contrary the only object is that the Christian church people may have a house to worship in, a home, a place for Sunday school, for Endeavor work, that good may be done and the organization maintained and in connection with this we would ask all to remember the announcements for services at Husted's hall until the new church edifice is completed.

Galbraith and Master Tom Galbraith left for Huntington, Virginia, where on next Tuesday he will be married to Miss Nora Graham. Miss Graham is the daughter of M. V. Graham and a sister of Mrs. T. A. Galbraith, of this city. She has many friends in Seymour. They will return here the latter part of next week for future residence. Their friends extend congratulations in advance.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case fails to cure. Send for circulars and testimonials.

WINE OF CARDUI

HEALTHY OLD AGE.

LARUE, BENTON CO. ARK., Aug. 4.
I am 40 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

Parsnip Complexion.

A majority of the ills afflicting people today can be traced to kidney trouble. It prevails all classes of society, in all climates, regardless of age, sex or condition.

The fallow, colorless looking people you often meet are afflicted with "kidney complexion." Their kidneys are turning to a parsnip color, so is their complexion. They may suffer from indigestion, bloating, sleeplessness, uric acid, gravel, dropsy, rheumatism, catarrh of the bladder, or irregular heart. You may depend upon it, the cause is weak, unhealthy kidneys.

Women as well as men are made miserable with kidney and bladder trouble and both need the same remedy. Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy will build up and strengthen weak and unhealthy kidneys, purify the diseased, kidney-poisoned blood, clear the complexion and soon help the sufferer to better health.

The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases, such as weak kidneys, catarrh of the bladder, gravel, rheumatism and Bright's Disease, which is the worst form of kidney trouble. At druggists, fifty cent and dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it. Address Dr. Kilmer & Co., Binghamton, N. Y.

When writing please mention this paper.

Dangers of the Grip.

The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by C. W. Milhous.

An Important Question.

If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to do, try Otto's Cure. Large sizes 25c and 50c. Sold by all druggists.

An Honest Medicine for La Grippe

George W. Wait of South Gardner, Me., says: "I have had the worst cough, cold chills, and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that, has done any good whatever. I have used one 50-cent bottle and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by C. W. Milhous.

Chronic Nasal Catarrh poisons every breath that is drawn into the lungs. There is procurable from any druggist the remedy for the cure of this trouble. A small quantity of Ely's Cream Balm placed into the nostrils spreads over an inflamed and angry surface, relieving immediately the painful inflammation, cleanses, heals and cures. A cold in the head vanishes immediately. Sold by druggists or will be mailed for 50 cents by Ely Brothers, 36 Warren Street, New York.

A Common Danger.

If you ever had a cold which you permitted to "wear away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected paves the way for consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Sold by all druggists. Prices 25c and 50c per bottle.

Drink Grain-O.

After you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/4 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15c and 25c.

For La Grippe.

Thomas Whitfield & Co., 240 W. Wabash av., corner Jackson st., one of Chicago's oldest and most prominent druggists, recommend Chamberlain's Cough Remedy for la grippe, as it not only gives a prompt and complete relief, but also counteracts any tendency of la grippe to result in pneumonia. For sale by C. W. Milhous.

KANKAKEE VALLEY PAINE'S CELERY COMPOUND

Proposed Drainage of Swamp Lands Up In the House.

REDUCTION IN ALLOWANCE

To the Three State Educational Institutions Attempted in the House, but It Was Laid on the Table—Mr. Drummond's Antilynching Bill Reported Favorably in the Senate.

Indianapolis, Feb. 11.—The bill which proposes a plan to drain the entire Kankakee valley, about 730,000 acres of submerged and swamp lands, came before the house yesterday on second reading and after a few minor amendments by its author, Mr. Knotts, it was made special order for Monday afternoon, because of a statement by Mr. Eichhorn that he wanted time to amend it in some vital parts.

The bill proposes to amend the present law so that drainage districts may be created. The Kankakee river now has a fall of one foot per mile, but the river winds so much in making a mile in headway that the force of the current is not what it ought to be. The plan is to straighten the course of the river, increase the current and the actual fall per mile.

The question of reducing the allowance made to the three state educational institutions came up in the house on an amendment to Mr. Canada's bill to require these institutions to make detailed reports to the state auditor of the expenditures of moneys allowed them by the state. The bill prescribed how the present allowance in tax levy, 1-6 of one mill per taxable dollar of property, should be apportioned. The amendment by Mr. Wise proposed to reduce the tax levy to 1/8 of a mill, but the amendment was tabled.

Eichhorn's amendment to Caraway's bill in reference to printing was adopted, permanently doing away with the printing and distribution of the Documentary Journal, a useless volume of some magnitude.

An antilynching bill (nominally Drummond's) was favorably reported in the senate yesterday. It is the Drummond bill, providing that the next of kin to a person lynched may recover in \$5,000 from the bondsman of the sheriff who allows the prisoner to be taken from his custody, so amended as to include the vital section of the human bill providing that the sheriff must arm the prisoner with a Winchester rifle, a revolver and 150 rounds of ammunition when the mob approaches the jail.

The bill to prevent a taxpayer from offsetting his debts against his credit on the tax duplicates in order to avoid paying taxes was defeated in the senate. Among the bills passed by the senate was one prohibiting the sale of intoxicating drinks within a mile of a cemetery on Decoration day; one providing that debts incurred by retail liquor dealers, who are unlicensed, for goods purchased from wholesale liquor houses shall be collectable the same as though the saloonkeeper were licensed.

Compton's bill for a state board of embalmers' registration was killed in the house. Both houses adjourned till Monday.

JUMPED FOR THEIR LIVES.

Family Escapes From a Burning Building to Be Badly Frosted. Lockport, Ind., Feb. 11.—The farm house of George Stewart, near here, was burned and the family had a narrow escape from being cremated. They were awakened by the roaring of the flames, and were obliged to jump from a second story window to save their lives. As the weather was bitterly cold, and they were clad only in their night clothes as they made their way to a neighbor's home, they were badly frozen about the lower limbs. The fire is supposed to have been of incendiary origin. The loss is total, there being no insurance.

Captain George G. Reilly Dead.

Vincennes, Ind., Feb. 11.—Captain George G. Reilly, a noted Republican politician and lawyer, died very suddenly here yesterday of heart disease. He was 58 years old, and leaves a widow and one child. He served as captain in the civil war, and in 1884 he was the Republican candidate for congress from this district.

Pensions Granted.

Washington, Feb. 11.—Pensions have been granted to Indians as follows: Original—George Juda, Ingalls, \$12; Tighman—F. Burdett, dead, Brownburg, \$17. Original Widows, Etc.: Catharine Krill, Bluffton, \$8; Ada L. Bishop, Dunkirk, \$8, and Julia E. Allen, Gaston, \$8.

Nervy Woman.

Dillsboro, Ind., Feb. 11.—Mrs. Charlotte Bratton fell from a ladder in her husband's barn, fracturing her leg. By the aid of a barrel, which she rolled before her, she made her way to the house unaided, where she lay for several hours before her husband returned and relief was secured.

Indiana Postmasters.

Washington, Feb. 11.—Indiana postmasters were appointed yesterday as follows: Bond, Amos V. Vandiver; Collins, Columbus N. Smith; Denham, Mollie Lizenby; Surface, Miss Annie Labourne.

Took an Overdose of Opium.

Nicholasville, Ind., Feb. 11.—William Ferguson, 60 years old, is dead, the result of swallowing gum opium to produce sleep.

Weak Eyes are Made Strong.

Dim vision made clear, eyes removed and granulated lids, or sore eyes of any kind speedily and effectually cured by the use of Sutherland's Eagle Eye Salve. It's put up in tubes, and sold on a guarantee by all good druggists.

PAINE'S CELERY COMPOUND

Never Failed to Cure Diseases of the Kidneys and Liver.

The profound and comprehensive investigations of Prof. Edward E. Phelps, the discover of Paine's celery compound, have robbed disease of much of its alarming character.

Nature has provided in the liver a safeguard without which every one would die from the slightest imprudence in diet. The blood loaded with poisons reaches the liver, the excreting function of that organ arrests them and they are thrown back to the bowels. This is the action of the healthy liver, but this perpetual overwork at last does what over-functional activity does for other organs—impairs or destroys their excreting power and opens the door to Bright's disease and diabetes. Paine's celery compound induces the liver to work without tearing itself to pieces. It supplies nervous energy to the organ and prevents irritation. It purifies the blood and does not leave the whole purifying task to one organ, whether liver, kidney or bowels. It obviates the collapse of any one of these organs, and prevents disease.

It not only regulates the nervous organization, but directly nourishes it; sends more and better blood to supply the wasted nervous tissues and takes the killing strain from the kidneys. When pains appear in different parts of the body and one feels tired and depressed, the use of Paine's celery compound will drive away the rheumatism, pain or the fit of indigestion and correct the failing appetite which keeps pace so closely with the digestive power. Here is a heartfelt letter as it was written on Dec. 12 last by Mrs. William Nelson, who is cashier of the Central Relief Committee of Chicago. "Gentlemen:—I have used Paine's celery compound several times for the past two years for liver and kidney trouble. I have swelled up and felt sick and bad. The doctor's medicines never helped me, but Paine's celery compound always did. There is nothing like it. It is splendid." Nerve tension is disguised under a good many symptoms that induce thoughtless people to apply some useless local remedy when the only lasting relief will come from purified blood, kidneys aroused to work, stomach secreting abundance of digestive juices and a toned-up state of the nerves. For this there is no need of further proof as to the value of Paine's celery compound than can be furnished by the reader's own neighbors if you take the pains to make inquiries. The best test of the value of Paine's celery compound is to try it.
